

KRISHNA MUNDRA

Product Manager | AI/ML & Platform Products | Enterprise B2B SaaS

Bengaluru, India | +91-7597740959 | km24@iitbbs.ac.in | linkedin.com/in/krishnamundra4 | krishnamundrapm.vercel.app

Summary

Product Manager with 3 years owning **AI/ML and platform products** in **enterprise B2B SaaS** across document intelligence, workflow automation, and DevOps infrastructure. Runs discovery through GTM: **45+ features shipped**, **30% release velocity gain**, **40% faster onboarding**. Depth in **LLM-powered products**, HITL workflow design, API and platform thinking, and **data-driven prioritization** (Mixpanel, SQL, RICE).

Experience

Perfios.ai, Bengaluru

10/2025 – Present

Product Manager, Platform | *Document Intelligence (DIB, PAE) & Perflo Workflow Automation*

- Own **product strategy and roadmap** for the document intelligence and workflow automation platform used by **leading banks and financial institutions in India and abroad**, translating customer and business input into a prioritized roadmap with engineering, design, and QA.
- Productized per-client setup into **config-driven schema and prompt templates** for **20+ enterprise clients**, letting implementation teams launch new documents without engineering rework and **cutting go-live setup time by 30%**.
- Drove accuracy of the **classification and extraction** engine, defining evaluation criteria and regression datasets with QA to lift extraction accuracy to **95%** across **50+ document types**.
- Shipped **workflow automation** spanning **KYC**, checklist validation, **BRE** decisioning, and e-signing and stamping, delivering **10+ end-to-end journeys** to production and **cutting manual credit-ops review by 50%**.
- Rebuilt **HITL review workflows** for the Mediclaim agent and redesigned the extraction platform **UI/UX** from user research to shipped release, **cutting processing TAT by 18%**.
- Drove new use-case onboarding through domain discovery, solution design, and live demos for **25 enterprise prospects**, advancing **12 to active pipeline** and **6 to production**.

Facets.cloud, Bengaluru

09/2023 – 10/2025

Product Manager (previously *APM, Intern*) | *B2B SaaS DevOps & Infrastructure Orchestration*

- Delivered **35+ platform features** including Dynamic Launch Wizard, Parallel Releases, Maintenance Windows, and Blue/Green and Canary deployments, improving **release velocity by 30%** and removing deployment conflicts.
- Owned the **Facets Module MCP Server** for AI-driven infrastructure workflows, defining metadata-based Terraform module generation and LLM validation flows that **cut module setup time by 40%**.
- Instrumented Mixpanel and Hotjar and paired funnel data with **NPS, user interviews, and support tickets** to rank roadmap bets against retention risk, cutting **workflow abandonment by 20%** and **onboarding time by 40%**.
- Owned the **roadmap and PRDs** from discovery to release using **RICE** and **MoSCoW**, writing user stories and acceptance criteria with engineering and QA to hold a **95% on-time delivery rate**.

Projects

Family OS | *Household Management · PRD, User Research* | Live Site

2026

- Sized a **\$13.4B TAM** across household finance, health, and asset management, then defined and sequenced a **22-feature roadmap** across P0–P2 tiers from user research.
- Authored the business plan and PRD covering MVP scope, a 6-month timeline, and a \$454K budget, and shipped a live prototype that converted **60+ waitlist signups**.

Skills

Product: Product Strategy, Product Vision, Roadmap Planning, Product Discovery, PRD Authoring, User Stories, Acceptance Criteria, Prioritization (RICE, MoSCoW), OKRs, KPIs, GTM, Agile, Scrum, Release Management.

AI & Data: LLM Integration, Prompt Engineering, AI Agents, HITL Workflow Design, OCR, Document Classification & Data Extraction, Product Analytics, A/B Testing, SQL, NPS & Voice of Customer.

Platform & Technical: Platform Products, REST APIs, Integrations, Developer Experience, Workflow Automation, DevOps & Infrastructure Orchestration, CI/CD, MCP Server Configuration, Terraform (conceptual), Jira, Confluence, Figma, Mixpanel, Hotjar, Pendo.

Domain & Leadership: Fintech & BFSI, KYC & Compliance, Risk & Fraud Workflows, Document Intelligence, Insurance Claims, DevOps & Cloud Infrastructure, Cross-functional Leadership, Stakeholder Management, Customer Discovery, Data-Driven Decision Making.

Education

Indian Institute of Technology (IIT) Bhubaneswar

07/2019 – 05/2024

Integrated B.Tech (Civil Engineering) & M.Tech (Structural Engineering)

CGPA: 7.95/10
